

# Ignite Your Passion for Cybersecurity

Talent Assessment, Development, and Retention Portal

## Inventory Skills, Expand Knowledge, Advance Career.

### Portal Users

Utilize a portal aligned to the NIST-NICE Framework and built to compliment your unique career journey, as a self-starter, student, intern, apprentice, or professional.

### Why CyberKnights?

Find resources to grow in your chosen profession, all while staying current with the standardized knowledge and skills employers look for, to close their skills gaps.

#### Assess & Showcase Skills

Highlight your experiences, certifications, knowledge, skills, and achievements.

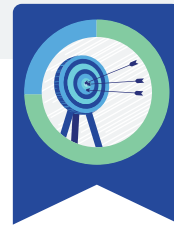

- ✓ Profile creation and framework navigation
- ✓ Soft skills and Cyber Range hard skills assessments
- ✓ Knowledge and skills portfolio cumulation
- ✓ Align to NICE work roles

#### Chart Unique Path

Discover what certifications, training, and education will advance your career.

- ✓ Interactive career journey mapping experience
- ✓ Beginning-to-end training and education planning
- ✓ Industry statistics and certifications for work roles
- ✓ Save various journey maps

#### Keep Developing Talent

Understand which knowledge and skills are needed to gain specific certifications.

- ✓ Search and filter industry certifications
- ✓ Compare your skills to skills required to obtain
- ✓ View work roles aligned to different certifications
- ✓ Contact training providers

#### Find Job Opportunities

View opportunities employers post and express interest in open cybersecurity roles.

- ✓ Detailed employer skills postings, aka opportunities
- ✓ Alignment of your knowledge and skills base
- ✓ Top work roles and skills postings recommendations
